

KUNAL DEWALWAR

Enterprise Operations & Transformation Leader

Pune, India | dewalwarkunal@gmail.com | +91 73874 86925 | kunaldewalwar.in | linkedin.com/in/dewalwarkunal
Open to senior Operations, PMO, Program Delivery, and Transformation leadership roles worldwide — remote or on-site.

EXECUTIVE SUMMARY

Enterprise Operations and Transformation Leader with 13+ years designing operating models, Project Management Office (PMO) governance frameworks, and enterprise systems that enable organizations to scale. Currently leads operational governance for a 70-member Brand Studio at Atlas Copco, translating enterprise strategy into measurable delivery performance, executive visibility, and system-level transformation. Comfortable operating at the intersection of business strategy, cross-functional delivery, and executive reporting, with direct experience reporting to General Manager and C-suite stakeholders, and prior delivery governance across APAC and EMEA.

EXECUTIVE HIGHLIGHTS

- Govern a 70-member cross-functional organization, reporting directly to the General Manager
- Delivered a 60% reduction in enterprise system costs through full-scale platform transformation
- Executed a zero-downtime, zero-data-loss enterprise migration across a live enterprise operation
- Generated \$1.73M in revenue within 7 months through presales and delivery governance leadership
- Built PMO governance frameworks and 20+ Standard Operating Procedures (SOPs) from the ground up, raising delivery predictability
- Resolved 94% of flagged operational audit discrepancies via new executive reporting infrastructure
- Sustained a sub-1% escalation rate across 150 to 200 concurrent enterprise engagements
- Achieved a 69% presales conversion rate through structured commercial and delivery alignment

Leadership: Team Building & Mentorship, Stakeholder Management, Presales & Commercial Coordination, Change Leadership

PROFESSIONAL EXPERIENCE

Operations Manager, Brand Studio

Feb 2024 – Present

Atlas Copco Group — Pune, India

- Lead enterprise operations governance for a 70-member Brand Studio, reporting directly to the General Manager
- Designed the studio's operating model and role architecture, eliminating operational ambiguity across business units
- Directed full-scale enterprise platform transformation (Legacy Project Management System to Zoho), cutting system costs by 60% with zero downtime and zero data loss
- Institutionalized PMO governance and 20+ SOPs spanning intake, milestones, quality, and closure, improving turnaround time by 20%
- Achieved a 7.8/10 adoption satisfaction score across the organization following the platform migration
- Deliver monthly executive operational reporting to the General Manager on pipeline health, utilization, and risk

Design Manager, Delivery & Operations

Aug 2020 – Dec 2023

ValueLabs Pvt. Ltd. — Hyderabad, India

- Directed delivery governance and resource planning across 150 to 200 enterprise engagements spanning APAC and EMEA
- Built and led a coordinated presales operating model, driving a 69% proposal conversion rate

- Restructured team operations for 30 to 45 professionals, embedding standardized governance and quality controls
- Generated \$1.73M in revenue within 7 months while sustaining a sub-1% escalation rate across the portfolio
- Redesigned delivery workflows, reducing turnaround time by 20% and improving productivity by 50%

Design Manager

Dec 2019 – Jul 2020

Bonito Designs — India

- Led operations for a 30+ person multidisciplinary team, owning delivery governance and quality assurance
- Reversed the team's lowest-performing status by instituting performance accountability frameworks
- Delivered 100% of assigned business and financial targets through structured operational discipline

Design Manager, Client Success & Delivery

Apr 2015 – Dec 2019

Indi Design — India

- Led a 10 to 15 person team across architecture, wayfinding, and experiential design engagements
- Directed end-to-end delivery governance on major programs, including the Ras Al Hamra wayfinding initiative in Muscat
- Served as primary governance interface between clients, consultants, and vendors, building the execution discipline that scaled into enterprise operations leadership

Earlier Career — Architecture & Project Delivery

2009 – 2015

A&S Designs · Thakur Associates · Chawgule & Sant Associates — India

- Progressed from Trainee Architect to project delivery roles across civil, institutional, and commercial engagements, building the planning, coordination, and stakeholder-management discipline underpinning current operations leadership

EDUCATION

Master of Design — Strategic Design Management

National Institute of Design (NID), Ahmedabad · 2012–2014 · incl. collaborative programme with IIM Ahmedabad

Bachelor of Architecture

BKPS College of Architecture, Pune · 2005–2010
